Cleaning

Clean your blocks using a stiff brush and a minimum of soap and water. Too much water may cause warping or rotting. Let the blocks dry thoroughly before play begins.

Maintenance

Periodically inspect for cracks, breaks, loose parts, missing parts, and/or malfunctions. Remove the product from service when any condition develops that might make operation unsafe.

With hard use, your Hollow Blocks may become roughened. Sand them all over with fine sandpaper. Then paint with any good quality penetrating sealer (we suggest Pratt and Lambert, Sherwin Williams, or Devco). Be sure to check your finish for the label "safe for children's toys."
